

A-Plus Medical Company

Diagnostic Imaging Parts & Equipment | Deinstallation & Removal | Recycling & Disposal

COMPANY OVERVIEW

A-Plus Medical Company delivers specialized diagnostic imaging parts and medical equipment solutions that help healthcare providers and government agencies maintain critical operations while reducing downtime and supply chain disruptions. With more than 50 years of combined focused industry expertise, the company provides reliable sourcing, inventory management, refurbishment services, and component-level support that improve equipment availability and extend asset life. A-Plus combines technical knowledge, on-time delivery, and cost-effective solutions to help customers maximize operational performance and continuity of care.

CORE COMPETENCIES

- Imaging parts supply — new, used, refurbished
- OEM-compatible parts, 90-day warranty standard
- Turnkey deinstallation & removal (East Coast)
- Compliant recycling & responsible disposal
- X-ray, fluoroscopy, ultrasound & portable systems
- Imaging equipment sales across modalities
- Site clearance & handoff documentation
- Depot-level parts support for ISOs & biomed teams

DIFFERENTIATORS

- + Warehouse-first fulfillment — same-day shipping on 99% of orders. Most parts ship from our own stock; our trusted network covers the rest.
- + WOSB, SBA-certified and ISO 9001:2015 certified — set-aside goals met by an established supplier with documented quality management.
- + Full lifecycle under one vendor — parts, equipment sales, deinstallation, removal and compliant recycling, with 90-day parts warranty standard.

PAST PERFORMANCE

>\$16M in imaging parts & services sold over the last 5 years — ongoing

10+ yrs	~98%	<2%
CLIENT RETENTION	ON-TIME FULFILLMENT	DOA RETURN RATE

OEM Multivendors	\$8.1M+ · imaging parts & deinstallation
Medical Marketplace	\$5M+ · imaging parts, multiple marketplace clients
ISOs	\$3M+ · imaging parts, multiple clinical asset management orgs
